

A monthly military resiliency program hosted by your neighborhood Armed Services YMCA.

MAD SCIENCE

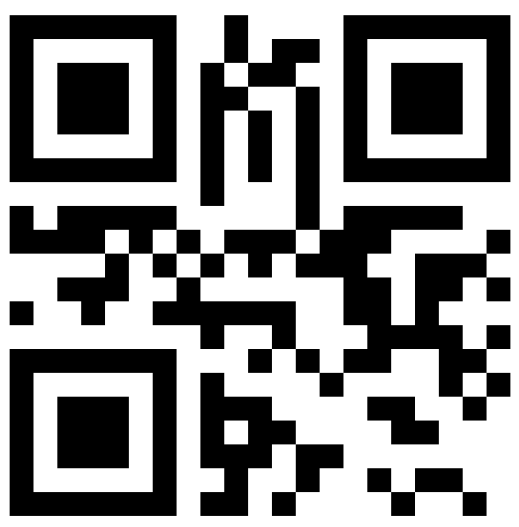

The word "MAD SCIENCE" is written in a large, dark blue, hand-drawn font. To the left of "MAD" is a stylized head profile with a clock face and circuit lines. To the right of "SCIENCE" is a blue microscope. Below the microscope is a flask with pink liquid and a test tube with green liquid. To the left of "SCIENCE" is a molecular structure with a central blue circle and four smaller colored circles (pink, orange, yellow, green) connected by lines. There are also several small atom icons scattered around the text.
